The party responsible for handling personal data is "CREDINS Bank" sh.a., with its headquarters in Rr. "Vaso Pasha", No.8, Tirana, Albania.

PROCESSING OF PERSONAL DATA

The processing of personal data related to the services provided via Internet by this website is managed by the technical staff of the office responsible for data processing. No information provided from the online service is communicated or disclosed unless the information is requested by the competent authorities entitled by special law in compliance with the legal provisions.

The personal data provided by the users are used only for the purpose of providing the service or for completing the request and are communicated to the service provider and third parties, only if necessary for this purpose, observing the requirements of the law.

Bank employees are subject to the obligation to maintain the confidentiality of the information provided to the latter in order to exercise its functions in accordance with the Law, and may disclose it only to the legal authorities. The bank assesses their integrity before they are hired. The Bank monitors their compliance with their information

security obligations.

CATEGORIES OF DATA SUBJECT TO BE PROCESSED

We use the personal data of the categories of personal data subjects (clients, employees, job candidates, etc.), and keep them in order to provide service to the data subject even in cases requested by the latter for other closely related purposes. Data on website searches and software procedures, responsible for the operation of this website receive data in the context of normal operation and only for the period of connection, the transmission. Their transmission occurs when using Internet communication protocols. This site does not include links between this site and other sites. We encourage you to read the privacy statements on the other websites as well.

The personal data of electronic banking services of data subjects' categories are stored in a high security standard system. The Bank processes the personal data of the user and authorized persons exclusively for the purpose of using electronic banking services. This data is not obtained to establish links with identified parties, but considering their type, they enable the identification of users by processing or linking to third party information and data.

The information provided voluntarily by the user, all optional, explicit and voluntary emails sent to the addresses specified on this website, includes also the sender's address needed to respond to requests as well as any other personal data contained in the email. The Bank guarantees each user that after submitting the information and data to the server of the Bank's website, it uses a high security standard system for storing and further processing this data, in accordance with the requirements provided in Law no. 9887, dated 10/03/2008 "On the protection of personal data" as amended, as well as bylaws issued for its implementation.

The use of personal data to send advertising materials or commercial information for selling products or services by the Bank requires the prior consent of the data subject. By using the application you give your consent regarding the further processing of data. You can also unsubscribe through a dedicated link, in case you do not want to be receive other information.

Specific summaries prepared for special services that may be required will be progressively presented or published on the bank's website.

We use the information of individuals applying for employment with the Bank, on the application process and to monitor recruitment statistics. When we want to disclose the data to a third party, for example, when we want to get a reference, or obtain some data from other relevant institutions, we do not disclose the information without first informing the data subjects, unless this information is required by law. Personal data of applicants who do not win the competition are stored until the end of the period specified in the legislation in force, then, they are destroyed or deleted. We maintain non-personalized information for statistical purposes about applicants, to assist our recruitment activities, but no applicant is identifiable from this data.

We maintain the personal data of individuals who are Bank employees only for the employment purposes and no other. The data is kept in secure places, are maintained manually as well as in computer systems in accordance with our law and internal rules. When an employee is no longer an employee of the Bank, we prepare a file regarding the period during of which he/she has been employed. The data in the file are kept secure and used only for purposes of direct importance on the employment of the person until the term set by law expires. Then, the data are destroyed.

WAYS OF PROCESSING PERSONAL DATA

The personal data of the subjects are processed electronically and manually in full compliance with the security measures defined in the provisions of law no. 9887, dated 10/03/2008 "On personal data protection", as amended.

The Bank protects the data in safe premises and secure systems until the end of the term defined in the Instruction No. 20 dated 03.08.2012 of the Commissioner for the Right to Information and Personal Data Protection, "On Data Processing in the Banking Sector" unless otherwise provided by applicable law, the data are subsequently destroyed.

ACCESS TO PERSONAL DATA

CREDINS Bank tries to be as open as possible to give individuals access to their personal data. Individuals may be informed whether we have any personal data by sending us a "request for access to personal data" and pursuant to Law No. 9887, dated 10/03/2008 "On the protection of personal data", as amended, the bank within 30 days upon the receipt of the request, shall inform you about the data or shall explain the reasons why the information cannot be provided.

If we have your personal information, we will:

- Inform you why we keep them;
- show to which recipient we can disclose such data;
- Inform whether the provision of personal data is mandatory or voluntary;
- Provide their description and, if possible, a copy of the information in an understandable form.

For any personal data maintained by us, as well as on any rights you are entitled as a data subject in accordance with Law no. 9887, dated 10/03/2008 "On Protection of Personal Data", as amended, it is necessary to file a request to the bank by submitting your legal identification documents.

RIGHTS OF PERSONAL DATA SUBJECT

Individuals whose personal data are being processed, are entitled under Law no. 9887, dated 10/03/2008 "On Protection of Personal Data" as amended, to obtain at any time the confirmation of the existence or not of personal data and to know their content and

source, to verify the accuracy, update or correction, request information on the purpose of the processing, on the categories of personal data processed, the anonymous transformation or blocking of information and data handled contrary to the law, and in any case refuse, for legitimate reasons, their treatment. The Bank informs you about the lawful processing of data, as well as about any rights that you entitled as a data subject in accordance with Law no. 9887, dated 10/03/2008 "On Personal Data Protection" amended.

SECURITY OD PERSONAL DATA TO BE PROCESSED

The Bank processes the personal data of personal data subjects in order to perform its activity and its statutory duties in accordance with the legislation in force and internal rules. This may include confidential information about the categories of data subjects being processed. Information is a valuable asset, so measures must be taken to protect information from unauthorized use, alteration, disclosure or destruction, whether accidental or intentional. The Bank is committed to ensuring the use of information and information technology systems in order to maintain the integrity and confidentiality of information under its control. The Bank uses a risk-based approach in assessing and understanding risks and uses all physical means of personnel, both technical and procedural to provide the appropriate security measures. The Bank takes into account technology developments and implementation costs to achieve a level of security appropriate to the nature of the information and the damage that may result from a potential breach of personal data security.

All employees of the Bank are subject to the obligation to maintain the confidentiality of information provided to them while performing their duties based on their job description, and may disclose it only to legal authorities. The Bank assesses their integrity before they are hired. The Bank monitors their compliance with their information security obligations. According to the confidentiality statement signed by the bank employees, where they take over civil and criminal legal responsibility, they are obliged to maintain the confidentiality of information even after the end of their function.
